INTRODUCTION

School should be a happy, safe place to learn. The responsibility for this lies with each student. Youngsters who exhibit qualities that foster a happy and safe environment are called “Good Citizens.” “Good Citizens” also follow certain rules and procedures. Everyone must know and understand these rules and follow them to and from school, as well as during school. There are procedures for the classroom, bus, playground, hallway, and cafeteria. This booklet states the qualities, rules and procedures that will assist each student in becoming a “Good Citizen” in order to make our schools happy and safe.

In accordance with the Dignity for All Students Act, School District policy and practice must ensure that no student is subject to discrimination, harassment, bullying and/or cyberbullying against any student, based on a person’s actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender/gender identity or sex by school employees or students on school property, on a school bus, or at a school function.

School District policy and practice also mandates that any staff member having reasonable cause to suspect child abuse or maltreatment is required to report their concerns to the State Central Register (SCR) and then immediately notify the building administrator. This communication begins a report to Child Protective Services who will investigate the concern.
